

Quality, Health, Safety and Environment Policy

ASAHI DIAMOND INDUSTRIAL EUROPE makes sure of customer satisfaction, which is decisive for the company activity and development.

In accordance with prevention principle, legal and regulation obligations, our QHSE policy is based on our strategy « Global Performance Improvement » (G.P.I.) built on 3 pillars :

- Our Vision, Missions, Values (VMV); Ethics and moral codes to apply by our employees for our activities.
- Customer and Market Satisfaction (CMS); Sales strategy listening to market needs for customers and partners satisfaction.
- Asahi Production System (APS); Organisation based on continuous improvement to aim to eliminate waste and improve the company performance.

Thanks to these pillars and their adaptation in action plans, our goals on the global production and service line are :

- Increase our presence in Europe,
- Improve our global performance and the customers and partners satisfaction,
- Guarantee our durable development.

Chartres, on 18th of march 2019

Mr Dominique BOURGES

Chief Executive Officer
